KEY SKILLS

- Java
- Spring boot
- Flutter
- AWS Cloud Services
- Firebase

LANGUAGE

- Tamil
- English

CERTIFIICATION

- AWS Solution Architect (2023)

OBJECTIVE

Dedicated Spring Boot Backend Developer with strong experience in building and optimizing microservices. Skilled in developing scalable, high-performance backend solutions and integrating cloud services like AWS.

EXPERIENCE

System Engineer
United Airlines, TCS
Aug 2023 - Present *1 yr 3 mos

Working in a Crew Foundation Architecture Migration (Airline Planning Operations). I,

- Developed and migrated backend services for the airline crew management and planning system using Spring Boot.
- Refined business logic by collaborating with business analysts to ensure accurate representation of airline operations workflows.
- Optimized backend performance to handle high-traffic data processing required for real-time crew management and airline operations.
- Worked closely with DevOps and cloud teams to migrate services to AWS.
- Gained hands-on experience with AWS services such as EC2, S3, ECS, and Lambda.

Assistant System Engineer Trainee
United Airlines, TCS
Jul 2022 - Jul 2023 *1 yr

Working in a Crew Foundation Architecture Migration (Airline Planning Operations). I,

- Participated in daily stand-ups, sprint planning, and retrospectives as part of the Agile workflow.
- Developed and maintained JUnit test cases to ensure code quality and functionality for Java-based applications
- Worked with CI/CD pipelines for automated deployment using tools like TeamCity/Harness.
- Monitored AWS cloud performance using Cloud watch/Dataog.

EDUCATION

Bachelor of Engineering , CSE
Indra Ganesan College of Engineering
2018 - 2022
